The Counseling Process

Counseling looks different for each person, and how it helps you will be unique to you. What you can expect from me when you start. The **Colorado Department of Regulatory Agencies** has the general responsibility of regulating the practice of licensed psychologists, licensed clinical social workers, **licensed professional counselors**, licensed marriage and family therapists, certified school psychologists, and unlicensed individuals who practice psychotherapy. The agency within the Department that has the responsibility specifically for licensed professional counselors is the Board of Licensed Professional Counselor Examiners, 1560 Broadway, Suite #1350, Denver, Colorado, 80202, (303) 894-7766. As to the regulatory requirements applicable to mental health professionals: a Licensed Professional Counselor must hold a masters degree in their profession and have a two years of post-masters supervision.

WAC 246-809-700 and RCW 18.225.100 require the disclosure of the following information under **Washington State** to provide clients the following information to assist you in making informed decisions regarding participation in counseling services. RCW 18.225.100. Counselors are licensed under the Washington State Department of Health, Health Systems Licensing, Health Systems Quality Assurance customer service @Town Center 2, 111 Israel Rd. S.E., Tumwater, WA 98501/ 360-236-4700

The laws of the **State of Idaho** require that licensed counselors provide clients at the beginning of treatment with accurate disclosure information concerning their practice, including the right of clients to refuse treatment, the responsibility of clients for choosing the provider and treatment modality, and the extent of confidentiality (Chapter 34, Title 54-3410A, Idaho Code). Licensure of an individual under this chapter does not imply endorsement by the counselor licensing board nor effectiveness of treatment. The Idaho Licensing Board of Professional Counselors and Marriage and Family Therapists, through the Idaho Division of Occupational and Professional Licenses (208) 334-3233, 11351 W. Chinden Blvd., Bldg. #6, Boise, Idaho 83714, is responsible for licensure of counselors and marriage & family therapists within the State of Idaho.

Your verbal communication and clinical records are legally confidential except in: a) criminal and delinquency matters and other areas as provided in Colorado Revised Statutes 12-43-218 and the HIPPA Notice of Privacy Rights that you have received; b) information shared with your insurance company to process your claim; c) where you sign a release to have specific information shared; and d) if you provide information that informs me that you are in danger of harming yourself or others. If a legal exception arises during Counseling, if feasible, you will be informed accordingly. Clinical records are kept for the purposes of continuity of care. These are retained for seven years after the conclusion of our professional relationship.

This professional relationship is our only relationship. Colorado Law (12-43-214 Revised Statutes)

requires that I inform you that in our professional relationship, physical sexual intimacy is never appropriate and should be reported to the Grievance Board. In order to keep our relationship professional, please do not give me any gifts, however small.

Our relationship will be considered in effect while you are actively participating in your process. If you decide to terminate counseling with me, it is in your best interest to discuss this with me. This is an opportunity for you to orchestrate healthier endings that will be productive for you. **If you have not scheduled an appointment with me for a four month duration, I will need to formally terminate our therapeutic relationship.** I will document this with a letter of termination. Any visit after this termination will require a formal beginning with the proper paperwork and fee agreement.

I am required to report any suspected incident of child abuse or neglect and elder abuse or neglect to law enforcement; (2) **I am required** to report any threat of imminent physical harm by a client to law enforcement and to the person(s) threatened; (3) **I am required** to initiate a mental health evaluation of a client who is imminently dangerous to self or to others, or who is gravely disabled, as a result of a mental disorder; (4) **I am required** to report any suspected threat to national security to federal officials; and (5) **I may be required** by Court Order to disclose treatment information.

In regard to the use of **Social Media:** I am not going to be Friends with you on Facebook. You may follow the Connect Therapies page on Facebook. I may be a connection with you on LinkedIn (Sally Blevins MA LPC). You may follow my professional pages (Connect Therapies) on Twitter and Instagram, etc.

Under Colorado law, C.R.S. § 14-10-123.8, **parents** have the right to access mental health treatment information concerning their minor children, unless the court has restricted access to such information. If you request treatment information from me, I may provide you with a treatment summary, in compliance with Colorado law and HIPAA Standards.

If you should request **treatment records** from me, I may provide you with a treatment summary in compliance with Colorado law.

If an emergency arises for which the client or their guardian feels immediate attention is necessary, the client or the guardian understands they are to contact the emergency services in the community for those services. Sally Blevins MA LPC LCPC will follow those emergency services with standard counseling and support to the client and/or the client's family. If you are involved in divorce or custody litigation, **my role as a therapist is not to make**

recommendations to the court concerning custody or parenting issues. By agreeing to receive services from me, you agree not to subpoena me for court testimony or for disclosure of treatment information in such litigation, to testify or produce records in court in any type of litigation. You agree not to request that I write any reports to the court or to your attorney, making recommendations concerning custody. The court can appoint professionals, who have no prior relationship with family members, to conduct an investigation or evaluation and to make recommendations to the court concerning parental responsibilities or parenting time in the best interests of the family's children.

Mobile SMS Privacy Policy:

As a current or prospective client you understand that you can text us STOP at any time to opt out of receiving SMS text messages from us. You can text us HELP at any time to receive help.

Your mobile information will not be shared with any third parties/affiliates for marketing/promotional purposes. All policies are followed as per CTIA guidelines 5.2.1. At any time if you want your information to be removed, you can contact us via our email address or regular mail.

I have been informed in writing of the preceding information and understand my rights as a client/patient as well as my rights as a client, along with my therapist's degrees, credentials and licensing. I also understand that Sally Blevins MA LPC LCPC is a practitioner at and the owner of Connect Therapies PLLC. I also acknowledge that I have received access to this Disclosure Statement on the Connect Therapies website.
